

Cancer is an awful disease. If you, a family member, or friend has been diagnosed with cancer, you know firsthand that it is life changing. The San Juan Cancer Center, a nonprofit state of the art cancer treatment center, opened its doors on April 3, 2006 to provide cancer treatment closer to home for residents of a huge seven county area in southwestern Colorado. Here, cancer patients and their families have access to the best of both worlds: small town warmth and big city expertise.

**The 3rd annual Boot Stomp** benefits the San Juan Cancer Center (SJCC) and its patients. In its first two years, this event has provided \$50,000 thousand dollars directly to help SJCC patients. This fun-filled evening takes place at the stunning view-tastic venue **Antler Ridge off Kinikin Road on June 6th, 2020 at 5:30pm-10pm.** Partygoers will dust off their cowboy boots to enjoy a night of dancing, old-fashioned BBQ from Serving Grace Catering, live auction, raffle and live music by Narrow Gauge Country.

**Would you and/or your business consider being a SPONSOR of the 3<sup>rd</sup> Annual Boot Stomp?**

As the Greater Montrose Community has grown so has SJCC's patient/visit count. SJCC has experienced a 28% increase in growth since 2016 and continues to need our support.
